

The summer reading challenge is a way to develop in your child a love for reading and to maintain the current level of skills that your child has worked to achieve during the school year. We hope that you will enthusiastically support this program and make reading a daily part of your child's summer.

How to Help Your Child Select a Book:

YOU are the key in helping your child select summer reading books which will be of high interest and will also be at your child's independent reading level. The independent reading level is the level at which your child can comfortably read and understand material without adult supervision. Please use these guidelines in helping your child select appropriate reading material.

- Find books about their favorite topic or hobby.
- Look for books by a favorite author/illustrator.
- Use the "Five Finger Rule." Choose a book that you think your child would like to read. Open to any page and begin reading. As you come to words they can't pronounce or don't understand, put up a finger. If you put up five fingers put the book back. It's too hard for them.

Attached you will find a form of fun activities for your child to complete over the summer. If your child completes all of the activities, he/she can turn in the form for a COUPON to use to shop in our classroom store.

I am also including a suggested book list.

Encourage your child to have fun with the activities!

Have a great summer!
